You have entrusted us with the care of your precious pet and we will endeavour to make their stay as stress free and as enjoyable as we can. All the animals are housed in covered accomodation.

THE KENNELS: We house the smaller dogs inside in a fully insulated purpose designed building with the option of underfloor heating during the winter. We provide the small dogs a dog basket to sleep in. The larger dogs are housed under cover and have a kennel box. All the dogs have an individual fenced kennel area, and are taken out for exercise three times a day. The small and larger dogs have separate securely fenced exercise areas, and they can mix with other compatible dogs, depending on age, breed and temperament.

THE CATTERY: Jessenka has a small semi-communal cattery. The building is insulated and has a conservatory for your pets comfort and enjoyment. On admittance each cat is allocated its own apartment with a fleece blanket, dry food, water and a litter tray. When the cat is settled it is let out to roam around during the day. All adult male cats must be neutered.

FOOD: The daily charge includes food. The dogs and cats are fed twice a day. We have a range of dog roll and biscuit products and can cater for beef free diets.

VACCINATIONS: All animals boarding at Jessenka are required to be fully vaccinated and have current immunity. If your pet is overdue it will need to have a booster shot and a stand-down time up to 14 days for the vaccine to work. Check with us as it can depend on the type of vaccine used. Please bring your vet book.

Dogs: Distemper, parvovirus, hepatitis and kennel cough.

Cats: Feline panleukopenia and feline respiratory disease.

SPECIAL REQUIREMENTS: Please let us know when booking and before arrival if your pet has any medical or special dietary needs. If your pet requires vet attention at any time when staying at Jessenka we will arrange this, but you will be responsible for any veterinary or other costs incurred.
